Our goal is to enable our guests to experience the love of Christ through a fun-filled week of activities, friendships, and encouraging messages.

Families will enjoy the tender loving care that *Hurdling Handicaps Great Getaway* specializes in. We begin each day with all-inclusive worship before our different age and ability groups break away for their own morning activities. You can look forward to biblical teaching times, small group interaction, recreational activities, evening events, and simply some space to breathe.

You will build a lifetime of memories!

**You will experience a  
little slice of heaven!**
